CC: "Doug Engelbart" [REDACTED]

SCC Friends

You will find below the agenda for the "back to the original date" 23rd SCC meeting to take place Wednesday January 18th from 5:30 pm to 6:30 pm, Noyce Conference Room.

You will notice that the meeting has been shorten to 1 hour to allow interested parties to attend a 7:00 pm lecture "An Evening with Michael Ruetters", Chairman of the Board, EMC Corporation that is taking place that evening.

You will notice also a change of venue from the standard and smaller Hopper Conference room upstairs to the much larger Noyce conference room downstairs; this is to allow the videotaping of Doug Engelbart's demonstration of nls-augment that will constitute the main item and treat of the evening.

We will dedicate 50 minutes or so to that presentation and few minutes for coordination and introduction of future topics for future SCC meetings. Thus there will be no formal agenda beyond this announcement.

It is quite an honor for us to be able to watch this demonstration and I would like to thank Doug, Phil, Jonathan and many others volunteers and staff for making this event possible.

Bernard
